Chicago Carpenters Trying to Arbitrate Their Trouble.

PROSPECTS OF AN AGREEMENT

The Great Strike Predicted in Pittsburgh Not Liable to Take Place—No Prospects of a Settlement in Indianapolis—The Situation in Boston—Other Labor News.

CHICAGO, April 19.—The conference between the conference committee of the New Boss Carpenters' association and the arbitration committee of the striking carpenters lasted more than an hour. The discussion during the meeting turned solely on the financial responsibility and employing capacity of the new bosses' organization.

The latter's committee figured up their strength at 210 contractors, employing on a daily average 3,000 journeymen. The strikers' committee asked that they be furnished the names and addresses of the members of the new Employers' association, that they might inquire into their standing. This was agreed to by the bosses' committee, and their time is now being spent in investigating these contractors, and their claim of being able to give employment to 3,000 men.

This evening another conference will be held and some arrangements probably made for a partial resumption of work. A large number of the strikers' leaders, however, are opposed to any work being permitted till the whole strike shall be definitely settled. The members of the old Carpenters' association are doing nothing. They say they are "just waiting for things to adjust themselves as they will after awhile."

The Situation in Pittsburgh.

PITTSBURG, Pa., April 19.—The more prominent railroad officials in this city claim that they do not anticipate a strike. Appearances, however, lead one to think differently. Delegates representing the federated order in surrounding towns arrived on every train during yesterday, and reported immediately to the federated order's officials.

President Hawley states that railway men will hold a special meeting to-day and it will then be decided whether there will be a strike.

It is stated that the Baltimore and Ohio railway has granted an increase of wages to their passenger brakemen. This concession is in answer to a request made several weeks ago.

Mr. Downey, of the executive committee, stated last night: "The entire organization of Federated Railroad Employees, some 50,000 in number, will back us up in this matter. Our organization must receive recognition. We will endeavor to settle this matter amicably and avoid a tie-up if possible. Whether there will be a strike depends entirely upon the railroad officials."

The Pan-Handle Railway company has offered the switchmen of their road the standard wages paid that class of workmen, and it is thought the Pennsylvania railway will do the same.

Growing Critical at Indianapolis.

INDIANAPOLIS, April 19.—Notice was served upon the secretary of the General Contractors' association yesterday, that unless the bosses met the striking carpenters in conference within twenty-four hours a general strike of all persons in the building trades would be ordered. The bricklayers, the plasterers, the lathers and the hodcarriers have been ready to go to the assistance of the carpenters ever since the strike was inaugurated. The notice served upon the contractors has had the effect only of increasing the determination of the latter not to yield. It was determined by them not to hold a meeting last night, or pay any attention whatever to the threat to order a general strike. They assert that a general strike will effect nothing, as others engaged in the building trades cannot do anything when all the carpenters are idle.

Threatened Strike Avoided.

NEW HAVEN, Conn., April 19.—The postal card factory at Shelton is running and the employees have been paid part of their overdue salaries, so that the threatened strike is averted. Mr. Wilkinson has not yet arranged matters satisfactorily with the government as to the quality of the paper furnished, and the factory may yet be closed. It is alleged that a fine of ten cents for 1,000 on 2,000,000 cards imposed by the government for defective work caused Daggett's trouble and the fine equalled the profits. Wilkinson will be compelled to make his part of the contract good.

Stonecutters Out.

BOSTON, April 19.—The stonecutters of the W. N. Flint Granite company at Mensen have struck because the company sent a man to help out in the Springfield yards, where a strike was recently in progress, and discharged for absence a man who was sent by the local union to investigate that matter.

Hours Reduced at Same Wages.

BRADFORD, Pa., April 19.—The boss carpenters and builders and local Union 530 of the United Brotherhood of Carpenters and Joiners of this place, have agreed that nine hours shall constitute a day's work after May 1 instead of ten as heretofore. The wages will be the same as heretofore paid for ten hours' work.

Lancaster, Pa., Carpenters.

LANCASTER, Pa., April 19.—The boss carpenters will probably concede the demand of the union carpenters of this city for uniform wages of \$3 a day after May 1.

Electrotypers' Strike Settled.

BOSTON, April 19.—The electrotypers' strike has been amicably settled, otherwise the situation remains unchanged.

An Eleven-Year-Old Murderer.

TEXARKANA, Tex., April 19.—S. W. Stewart was shot dead yesterday by the 11-year-old son of B. K. Sweet, a saloon keeper. Stewart had quarreled with the elder Sweet and got the worst of it. As he was leaving the saloon the son seized a pistol and shot him in the back. The boy is under arrest.
